## Frontend Developer

[Zatti Ambientes Planejados](#) | Curitiba-BR (hybrid)

Dec 2024–Present

- Designed and published the company website – [zattiambientes.com.br](https://zattiambientes.com.br) – improving its digital presence.
- Manage the company's cost and revenue spreadsheets using advanced Excel formulas for financial analysis.
- Currently migrating financial data into a custom CRUD system to optimize control and data visualization.

### Technologies:

HTML, CSS, JavaScript, Tailwind CSS, EJS, Node.js, Express.js, JSON, Git, GitHub, Figma, Advanced Excel, UX/UI Design, WordPress, Responsive Design

## Systems Analyst (Intern)

[Helisul](#) | Curitiba-BR (On-site)

Jun 2024–Dec 2024

- Participated in the Falcão 12 project (BPMOA), focused on rescue missions using geolocation and onboard thermal imaging to locate missing individuals in critical situations such as floods.
- Developed helicopter tracking features, enabling real-time and historical visualization of altitude, latitude, and longitude throughout flight paths.
- Integrated this data with ATAK and WinTAK systems to enhance tactical response and field operations.

### Technologies:

JavaScript, TypeScript, KML, XML, Leaflet.js, Tailwind CSS, jQuery, Node.js, React, Git, GitHub, PHP, MySQL, UX/UI Design, ATAK, WinTAK, Linux

## IT Technician

[Zatti Ambientes Planejados](#) | Curitiba-BR (On-site)

Feb 2023–Jun 2024

- Performed preventive and corrective maintenance on computers and peripherals.
- Installed and configured operating systems, drivers, software packages, and local networks.
- Provided technical support to staff, including software setup, antivirus configuration, and troubleshooting.
- Configured and supported Promob software for interior design processes.

### Technologies:

Windows, Excel, Promob, Networking, Antivirus, Printers, Software Installation and Configuration, Hardware Maintenance

## Competências Técnicas

### Web Development:

HTML5 · CSS3 · JavaScript (ES6+) · TypeScript · EJS · jQuery · Tailwind CSS · Bootstrap · React.js · Next.js · Node.js · Express.js · PHP · WordPress · Responsive Design · Mobile-First Design

### Backend and Databases:

Node.js · Express · PHP · MySQL · JSON · KML · XML · CRUD APIs · Data Integration · Basic Linux Server

### Version Control and Deployment:

Git · GitHub · GitLab · cPanel Hosting · FTP/SFTP Deployment · Domain Management

### UI/UX and Visual Tools:

Figma · UX Writing · Wireframes · Prototyping · Google Fonts · Material Icons · Basic Photoshop

### Geolocation and Mapping:

Leaflet.js · KML/XML · ATAK / WinTAK Integration · Mapping APIs · Route and Tracking Systems

### IT Support and Infrastructure:

Windows · Hardware Maintenance · OS Formatting · Driver and Software Installation · Networks · Printers · Antivirus · Promob

### Office and Productivity:

Advanced Excel (VLOOKUP, SUMIF, Pivot Tables) · Word · PowerPoint · Google Docs/Sheets

### Other Knowledge:

Basic Python · C++ (data structures and logic) · VirtualBox · Basic Linux Terminal · Basic SEO

## Education

### Bachelor's Degree in Systems Analysis and Development

Jan 2024–Dec 2024

- Universidade Positivo (Online)
- Status: Completed

### Bachelor's Degree in Systems Analysis and Development

Jan 2023–Dec 2023

- Universidade Tuiuti do Paraná (On-site)
- Status: (Completer – Transferred to Universidade Positivo)

### English Course – C1 Level (Advanced)

Jan 2023–Jul 2025

- Influx – São Braz Unit (On-site)
- Status: Concluído

## Additional Courses

### Frontend & UX/UI Design Formation

#### Origamid

Jun 2023–Ongoing

#### Completed:

- HTML e CSS for beginners
- Flexbox
- UX/UI Design
- JavaScript ES6
- jQuery

- Node.js
- Tailwind CSS

**In Progress:**

- TypeScript
- React
- Next.js
- PHP

## Languages

- us English C1 (Advanced)
- BR Português (Native)
